## **Premier Systems Sales LTD Awarded Commonwealth of PA Contract for Hewlett Packard Enterprise (HPE) Servers and Storage**

*Department of General Services IT Contract #4400018035*

**Blue Bell, PA – June 6, 2018** -Premier Systems Sales LTD was Awarded Commonwealth of PA Contract for HPE Servers & Storage. This 3-year contract will enable the Commonwealth IT Organizations to purchase the latest technology in servers, storage and flex-capacity on demand at excellent prices.

“HPE has the best technology in the industry and the Commonwealth of PA can benefit greatly leveraging this technology,” said Eileen Zaro, CEO/President at Premier Systems. “Many customers have already benefited from deploying HPE Solutions in both Commercial and Federal Public Sectors via Premier Systems and we are looking forward to aiding the Commonwealth of PA to obtain the same benefits.”

The Commonwealth IT Contract was competed based on “Best Value” evaluating proposals based on Technology, Price and Past Performance with other customers.

“Premier Systems has a proven record in providing HPE Servers and Storage Solutions along with Cyber Security to Federal Agencies and we look forward to proving the same great value to our home state of Pennsylvania” said Stephen Reese, VP Solutions.
